Action	Agenda Item
Approved	2. Approval of agenda for 20 April 2023
Approved	3. Approval of minutes from 6 April 2023
	5. New Business
Approved	5a. Environmental Soil Science Minor - New Program 15f. Remove SIRS as direct assessment of student work 15g. Course list is oddly lettered and thus confusing. Suggest making a. = 1. (CSS210) and then b. = 2. (the 12 credits). The rephrase b (now 2.) "Complete at least 12 credits from the following; A minimum of 6 credits must come from the soil science courses in 'a'." * Suggest adding a specific in sentence about federal certification into the narrative, so students know about it and take the 'proper' track (the 15 credits of soils) * Please be sure that all courses on the list are available to students in the minor; also, all of these depts have to be listed as sign-offs
Approved	5b. FOR 175 - New Course #5. Cut catalog description to "Introduction to the foundational biological principles in forest trees. Biological factors responsible for tree growth form and function." #23 Add enrollment restriction for FOR Syllabus *typo, 'photosynthesis' * grading scale a bit low. Generally 60% = 0
Information	6. UCC Update (Jim Schneider) * all ANR items going through very smoothly
Information	7. Associate Dean's Comments * getting credit/ no credit option info out to students

Meeting adjourned at 9:15 am   Minutes submitted 20 April 2023
