SOIL TEST MAILERS

MSU Extension recommends that soil be tested every 2-4 years. There is more time available in the Fall to collect soil samples and make fertilizer decisions based on soil analysis and time to plan upcoming management decisions. Commercial and Residential Soil Test Mailers are available for purchase at your local MSU Extension office. For more information, visit MSU Extension Soil Health website at https://www.canr.msu.edu/soil_health/

PESTICIDE SAFETY STUDY MANUALS

May be purchased at your local MSU Extension office (call ahead to check availability) or online directly from the MSU Extension website at <https://msupesticidematerials.com/>

MDARD PESTICIDE EXAM STUDY MANUAL CHART BY CATEGORY

MDARD quick reference chart can be found on MDARD's website: https://www.michigan.gov/mdard/-/media/Project/Websites/mdard/documents/pesticide-plant-pest/pesticide/mdard_pesticide_exam_study_manual_chart.pdf

MDARD PESTICIDE CERTIFICATION APPLICATION LICENSING

MDARD Pesticide Applicator Certification website where you can look up Applicator Credit Report and find the Certification Application at <https://www.michigan.gov/mdard/licensing/pesticide/pesticide-applicator-certification>

FREE CURRICULA FOR BEGINNING FARMERS

Whether you are a new farmer looking to learn some new skills in the off season or an educator working with beginning farmers, you'll find materials and resources you can adapt to your needs. Free curricula and resources for beginning farmers and beginning farmer educators are now available to download <https://www.beginningfarmercurriculum.org/>.

USDA FARMLAND CASH RENTAL RATES

The "USDA Farmland Cash Rental Rates" document is a listing of cash rental rates by county dating from 2014 to the 2025 year. The information was obtained from the USDA's National Agricultural Statistics Service (NASS) and is based on their county-level survey results. Download document <https://www.canr.msu.edu/resources/usda-farmland-cash-rental-rates>

MSU CUSTOM WORK RATES REPORT - 2025

The 2025 report covers a wide range of field machine operations.
