

USDA Farm Land Cash Rental Information 2025-2014

https://www.canr.msu.edu/farm_management/

The following information has been compiled from the USDA-NASS Quickstats web page. Since these values are based on survey results, they are not intended to serve as a price floor for rent negotiation. Your field's individual factors and county location may mean USDA's average is not a perfect fit for your farmland, but it can be a good place to start. It can also be helpful to see the rental rates in neighboring counties and consider differences in agriculture being produced in those locations. Percent change in value between the two most recent years is also included.

RENT, CASH, CROPLAND, NON-IRRIGATED
