

A top-down view of a white ceramic plate with a gold rim, resting on a dark, vertically-grained wooden surface. The plate contains a salad of fresh green arugula leaves and two bright red cherry tomatoes. A portion of white, spiral-shaped pasta is also visible. The text is overlaid on the right side of the image.

Michigan Local Food Council Network

Peer Advisors List

2024

How to use the Peer Advising List:

The MLFCN Peer Advising is a program that allows council members with experience in particular areas to share their unique knowledge with other councils, advancing each council's work, further developing food systems leaders.

Steps to set up for advising:

1. **Review** the Peer Advisor list and **Choose** someone who has a skillset you're interested in learning more about to apply to your work.
2. **Send** an email invitation requesting Peer Advising.
3. **Scheduling**: You and the Peer advisor will schedule a time to chat.
4. **Share** your experience with our team on what you've learned.

If you need help with matchmaking please contact Jordan Lindsay (lindsa57@msu.edu).

MICHIGAN STATE UNIVERSITY | Center for Regional Food Systems

Tina Swanton - Peer Advisor

Organization Affiliations (s): **Food Access Collaboration Team of Saginaw, Bay Food Network**

I focus on a regional picture so my passion and interest is to help get a local council started or current council built out/strengthened so as a region we can start to connect the dots and make for a healthy local food ecosystem.

Detailed Expertise in:

- Community engagement
- Governance & organizational structure
- Member recruitment/retention
- Network building
- Council development
- Accessibility

Food Systems Tool experience in:
