

Wisconsin is an Outdoor Playground

It's true we're into cheese, beer, and Harleys (what's wrong with that?!) but there's much more to Milwaukee and Wisconsin

Wisconsin has the best combination of hunting and fishing in the Midwest.

Milwaukee is a coastal city; Wisconsin is a coastal state. Lake Michigan, Lake Superior, and the Mississippi River. Fishing, boating and beaches.

Milwaukee is also the home to the largest music festival in the world—Summerfest.

Thirty minutes west of Milwaukee is Lake Country, one of the best inland water recreation spots in the country.

“Up north” features big timbered forests and a whole other world of recreational opportunities.

ONE OF WISCONSIN'S LARGEST LANDSCAPE COMPANY--NEARLY 100 CREWS ARE DISPATCHED DAILY TO RESIDENTIAL AND COMMERCIAL JOB SITES FROM SIX LOCATIONS

SUSTAINABILITY SPECIALISTS

EXPRESS YOUR CREATIVITY

AWARD-WINNING WORK

Exactly What You're Looking for from an Internship

We'll help you round out your skill set and get you ready for your career in landscape construction. You will work with landscape architects, clients, and senior production teammates on design/build construction installs. This is a what-can-we-do-for-you not a what-can-you-do-for-us program. We are committed to supporting the green industry by growing the next generation of landscape professionals—that's you!

A Program Tailored Specifically for You

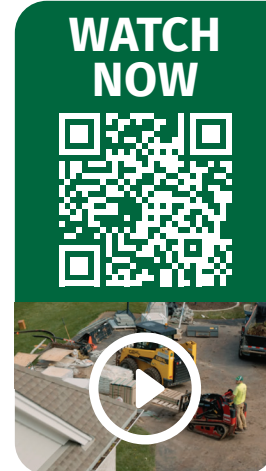

The simple process starts with an introductory online skills assessment to determine your current level of landscape experience. Then a follow-up phone interview to discover where you want to grow. We'll take it from there to develop a customized curriculum just for you.

Get Hands-on Training and Gain Experience in the Following Areas:

- Pre-construction planning sessions
- Hardscape construction including vertical and flat work masonry
- Carpentry construction
- Sustainable landscape installation
- Low voltage lighting installation
- Pondscape and poolscape construction
- Heavy equipment training
- Professional plant and lawn installations

What's Included

- Pay starting at \$18hr
- Housing
- Participation in all company outings & events
 - Milwaukee Brewers games
 - Company Picnic
 - Company Golf Outing
 - Branch BBQs

A Few More Reasons to Join Us

Our Founder was a Legendary Landscaper
David J. Frank was a pioneer in the green industry. An entrepreneur at the age of 9, he began mowing lawns in his Milwaukee area neighborhood; by 12 he was already caring for more than 30 homes. He eventually grew David J. Frank Landscape into one of the largest landscape contractors in the nation.

We're the Go-To for Sustainable Projects (Led by a Former Intern!)

We're sought after for our expertise in green roofs, bioswales, and water conservation and reclamation projects. Landscape Architect Jeffrey Miller, a certified Green Roof Professional, began here as an intern.

An Incredible Safety Streak

Our stretch of no-lost-time due to accidents is at seven years and counting!
