A community service project is one that is aimed at helping people or groups outside of your own. For this award, it can be projects helping others in 4-H as well as the community in general. Projects which benefit people/groups outside 4-H will be given extra credit.

Please describe below all your community service projects done by your club during the past 4-H year, Sept. 1 – Aug. 31. Both quantity and quality of projects will be considered. Some examples of the many types of community service projects you may have done are: helping homebound senior citizens, cleaning lake or roadside community beautification, fund raising for charity, service to non-profit group, visits to nursing home, food baskets, etc.

Community service projects should be learning experiences that include preplanning, discussion and application of learning after the experience.

It is helpful to the committee selecting one award winner to have as much specific details centering on answering questions of who, what, when, why, how many as possible. Stories or photos about project/projects are welcome.
