

Financial Capability Education

2017

Whether it's handling credit card debt, investing for retirement or college funds, purchasing a new home, avoiding foreclosure, or simply wishing to have more control over personal finances, MSU Extension has expert educators located across the state that help Michigan residents in all aspects of money management. They assist individuals, households, organizations and communities to become more sustainable spenders through education focused on financial capability.

PARTICIPANTS

PROGRAM RESULTS

Quality and effectiveness of the educational program you received

Effectiveness of the educational services in locating resources that you needed

Likelihood to recommend the educational program to someone in a similar situation as you
