Re: Small Animal Association Master Stockman Funding

The Small Animal Master Stockman Contest is looking for some help from our clubs this year to continue with this program. The contest was designed to encourage members to learn more about their small animal project by participating in several divisions. The most exciting part of the program is members are awarded with a monetary gift in each small animal category. This program operates on about \$550 per year. This year I'm asking all of our clubs if they could donate a small amount to help out the Master Stockman Contest. Any amount will help! Thank you in advance!

I would also like to send out an invitation to attend one of your club meetings to explain/encourage your members to participate in the Master Stockman Contest this year at the fair. If you're at all interested in the program, please feel free to contact me.

Thank You,

### MSU Masking Guidelines Lifted

In early March, Michigan State University (MSU) updated their COVID-19 mask guidance. These changes impact attendees of MSU Extension and Michigan 4-H programs occurring on and off MSU property.

As of March 8, masks are no longer required at MSU Extension or Michigan 4-H programs, events, offices or meeting rooms.

While not a requirement, Michigan 4-H in-person events are still encouraged to follow best practices that include meeting outside when possible, keeping participant numbers below maximum capacity to allow for social distancing, offering hand sanitizer and respecting the continued use of masks by those who choose to wear them.

As always, the most up-to-date guidelines for Michigan 4-H can be found at [extension.msu.edu/approvedactivities](http://extension.msu.edu/approvedactivities).
