Montcalm County - FAIR EDITION

This month is FULL, and there will be a lot of information going out. If you have any questions, please don't hesitate to reach out to me. If I don't have the answer, I will find the person who does.

I also just wanted to send a friendly reminder that the Montcalm County Fair Association and the Montcalm County 4-H Program are both run by volunteers who are strongly committed to ensuring our youth are successful adults. Please be patient and understanding with those you encounter, especially during fair week, when EVERYONE is overwhelmed.

Sincerely,
Sunni Haglund
4-H Program Coordinator

Top Benefits from Showing Livestock

From a Texas Tech Study – these are the six benefits from showing livestock.

- Social relationships. The development of social relationships by showing livestock was the strongest theme to emerge throughout the data collection process. Participants in the study appeared to emphasize the importance of developing friends and social contacts. These friendships aid in the satisfaction of career goals as well as the simple need for companionship.

- Character was the second theme to emerge in the study. The subcategories associated with this theme are as follows: responsibility, confidence, sportsmanship, and how to deal with loss. Participants felt that character developed through exhibiting livestock promoted growth from a child to a successful adult.

- Family togetherness and family values gave a meaning to what is deemed as a life skill. It was apparent that participants in this study put emphasis on the importance of the family participating in activities together.

- Exposure to Competition. The fourth theme in the study dealt with the competition that competitive livestock showing introduces to exhibitors. Two meanings developed from the theme of competition that stems from the phenomenon of participation in competitive events. One category resulted from the need to satisfy the desire of participation in competitive events. The other related to the exposure of winning and losing. This meaning was also apparent in the character theme.

- Exposure to cultures. The fifth theme generated was exposure to diverse cultures that comes about from exhibiting livestock. Participants revealed that exposure to cities and the diversity of people that accompany major stock shows aid in the development of life skills.

- Knowledge and care of animals. The last theme that emerged from the study was the knowledge and care of animals that exhibitors gain from showing livestock. Participants felt this knowledge was important, especially if it relates to a future career.

MONTCALM COUNTY FAIR 2025
ADD-A-BID FORM

DEADLINE - 8 p.m. June 27, 2025

WHAT IS ADD-A-BID?

It is an opportunity to add a monetary amount to the end bid of any 4-H/FFA members' project. It can be for one or more members! This is a great way to reward one or more 4-H/FFA members for their dedication and hard-work, without having to purchase an animal.

How this works (example) if you want to give \$50 (or any amount) to a specific person and that person auctions their Steer for 52 a pound at 1100 pounds, they will get the \$2,200 plus \$50 from Add-A-Bid, for a total of \$2,250. Also, this contribution may be TAX DEDUCTIBLE!

* Any bid, including Add-A-Bids, are subject to the 6% withholding to the Montcalm County Fair Association Agricultural Committee to help offset auction expenses.

Youth Name: _____

Project Animal: _____

Amount you would like to add: _____

Company Name (if applicable): _____

Other Information

“Thank you” card stations

We will have a few spots set up around the Livestock Office and inside of the Ash Building, for any 4-H member (youth and adult) to grab a thank you card, and fill one out for whomever you feel could use one 😊

Where can you find me, a super, or a fairboard member?

Offentimes, most of us who have/wear multiple hats, are spread throughout the fairgrounds, in multiple places at once. We will have contact information for our Superintendents, Fairboard Directors, and Administrative Leaders posted near the Livestock Office, inside of the concessions stand, inside of the Ash Building office, and inside of the Horse Arena announcers booth. They will be listed in order of who should be contacted first, and when you ABSOLUTELY should contact me (with my 4-H PC hat on). We also have colored hats with the MCFA logo on the front, and/or name badges with our titles on them.

Extra Curricular Activities

The Montcalm County Fair Association has been working towards making improvements in various areas for our 4-H youth and volunteers to enjoy throughout the fair week. As your 4-H Program Coordinator, I will ask that we all work together to keep these areas nice and friendly, as well as doing our part to ensure those around us are also doing what is right.

Montcalm County 4-H Proud Equestrian Program

MSU EXTENSION

Have you ever wondered what 4-H is and what it has to offer?
Are you interested in horses?
Would you like to learn how to safely ride?
The Montcalm County 4-H Program (partnering with Equest Center for Therapeutic Riding) is gearing up to bring the Proud Equestrian Program to our community!

The Proud Equestrian Program allows communities to assess needs and abilities of individuals with physical, mental, and emotional disabilities in order to develop a safe and effective therapeutic instruction in horsemanship.
