Additional Project Book

REQUIREMENTS

Novice (first year): Pick one item from list below and complete.

Juniors (11-14): Pick one item from the list below and complete.

Seniors (15-19): Pick two items from the list below and complete.

- *Create a pedigree or lineage chart for your project animal.
- *Create a chore chart of daily, weekly, and monthly chores necessary to properly care for your animal.
- *Create a crossword puzzle with terms/definitions that relate to your swine project.
- *Create a picture and label the parts of your or a pig. (Not something already completed online).
- *Make a retail meat cut diagram and include where the cuts come from on the hog. What is the most expensive cut right now on the market?
- *Why are swine considered an invasive species? How did this happen and what is being done about wild hogs?
- * Research & provide a summary of by products that could come from your swine project.
- * Research and write an essay on a common disease the swine industry is facing today including prevention, treatment, symptoms, diagnosis, best practices, etc.
- *Write an essay about at least 5 different breeds or cross breeds leading the swine industry in the US today. Include heritage, physical characteristics, nick names, merits, etc.
- * Tell us about your ideal swine project. Be descriptive and include what physical traits your ideal pig has that your current project does not.
- *Another project of your own creation that illustrated your knowledge of your project. Check with your 4-H leader or 4-H Coordinator if you need assistance.
