Pledge of Allegiance and 4-H pledge

Janelle Stuart was with us reviewing the HC constitution. We should probably call them bylaws to be in compliance instead of constitution. Was noted that we should suggest clubs use a “local bank” instead of naming banks specifically. Should set a budget for bills to be paid so every payment doesn't need to be voted on unless it goes over budget. Potential to make every volunteer gold level volunteer, and also how to name specialty leaders. Should specialties be reviewed every year and not just an ongoing thing forever or should they be handled by clubs only? Social media person is that an elected position, but not part of the board and no voting position. Make a bigger push

for youth to be making decisions over adults making all the decisions. How to keep 4-H leaders, the leaders code of conduct and attendance/consequence policies. Horse Council being made up of 10 adult advisors that are elected by the youth, and they would be in charge of show maintenance and things the kids cannot handle. However, the board would be made up of use with voting power and decisions voted on by them and not the adults. Janelle would then make the agenda and send it to the youth. Suggest 12 years old and up to be on the board. Removing voting by proxy, by Google Docs, and removing “the board will determine the voting process”. Zoom votes would count, but in order for it to count your camera must be on.

November meeting minutes: Motion to approve by Kaitlyn and seconded by Jolene. Motion passes.

Treasurers report: Discussed an agreed to be placed on file. Motion to accept treasurers report by Racheal and seconded by Kennedy. Motion passes.

2026 Fair Judges: Sunday – Trail/Ranch - Jill Philips
