Diane – Thanked everyone in 4H for working together this year at the fair. She has some goals for next year and would like to work with everyone in the program to collaborate on ideas. Would like to add window to bottom window of entry booth at the Megan arenas. Also looking at possibly adding an awning on the outside above the window in the upstairs. Maybe look into putting a window in the wall between the 2 rooms upstairs or removing the wall if it's not load bearing. Possibly adding speakers to horse barns so anything being announced at the arenas can be heard in the barns as well. Maybe lights at the arenas.

Treasurer's Report: An updated July report was given and August and September due to the way those meetings fall with fair and not having bank statements prior to those meetings. Treasurer's report will be placed on file at the MSU extension. Motion to accept all Treasurer's reports by Gina and 2nd by Danielle. Motion approved.

Danielle motions \$50 each for Josh and Corey for all the hard work they put into the arenas during fair week. Motion is 2nd by Steve. Motion approved. Also suggested that since they work hard every year

St. Joseph County, MI 4-H Horse Council Meeting Minutes (10/6/26)

Chuck Zinsmaster contacted Corey regarding the Margie arena to let him know we are in charge of taking down the arena. Shirel wants more help than what they had to put it up. Racheal put in zoom that Corey is going at 10am on Wednesday October 7th to take it down and does have help to remove it. Kayla noted that it's a task to add to President list of fair tasks.

Pam brought up fair using our cones and drag for their personal use but wondering why the fair is being so hard on us for getting our stuff out right now while they are using our stuff. Need to have a discussion at fairboard meeting between fair director/open show director/HC about HC storage usage and fair usage of HC owned items. Kayla will look up contract to see what fairboard signed in agreeance of usage of HC drag.
