- Dean's Search Update – Badgley
 - List of search committee members was shared. Search is a couple months behind the desired timeline due to the extra time it took to nail down the written and agreed upon process with the Provost's office and CANR's Faculty College Advisory Committee. CAC's bylaws were changed last fall as an attempt to avoid the conflict that resulted in a previous search. We are looking at interviewing in mid- to late-August when faculty return from summer break. Committee should be meeting for the first time very soon. Dr. Campa from FW will chair.
